

# How do you know your supplements are working?

 PHARMANEX®

biophotonic **SCANNER**

# Measure your results!

The Pharmanex® BioPhotonic Scanner is the world's first tool that provides immediate documentation of carotenoid activity in your body. Simply place the palm of your hand in front of a low-energy, blue light laser to obtain an immediate reading of carotenoid activity in your body - this reading is called your skin Carotenoid Score.

Please join us on \_\_\_\_\_ at \_\_\_\_\_  
to receive your first carotenoid (which aids, assists or helps  
in the maintenance and improvement of general  
well-being) measurement.
